

Patrice Banahan here from Wilton, CT. I would NEVER have moved to Connecticut in 1992 if I thought the tolls would be brought back to the state! When I travel to New York to visit family, (which is often), I am already paying for two tolls in New York! We are up to \$12,000 in real estate taxes and my husband and I are also paying state income tax and car taxes!

If we have to start paying tolls in CT, we might as well move back to New York and take my husband's money there!

Please count the Banahans of Wilton, CT as a RESOUNDING NO to state tolls!

Thank you, Patrice Banahan
